

REQUEST FOR AREA CAMBERSHIP

The general guideline is that every girl in Guiding should be able to go to Girl Guide camp and that finances should not hold them back. West Coast Area is willing to provide a campership of up to 75% of the camp fee to a girl once in a Guiding year. *(in cases where the family/unit/district are unable to assist with the funding, this 75% may be exceeded with approval from the Area Commissioner)*

Where a financial need is perceived, the Unit Guider discretely asks the parents, "What can you afford?" The Unit considers what they can contribute. The Unit Guider consults with the District Commissioner to request a campership. The District Commissioner decides if the District needs to ask Area for the additional funds; if so, the District Commissioner then applies to Area using the Request for Area Campership form.

Support is made possible through the Vivian Henderson and Parker Camp Funds and the West Coast Area Operating Budget.
